

Dr. Jay Ghosh, DDS, MS  
Creekview Orthodontics  
1505 W. McDermott Drive, Suite 145  
Allen, TX 75013

Dear Dr. Ghosh,

We wanted to say THANK YOU to you and your staff!!! You have absolutely the most professional, well-run medical office we have ever seen! It's hard to imagine a child's braces being a pleasant experience, but that is what your staff and you accomplished for us. Megan could not be happier with the results!

I'm afraid our survey is not going to give you much help, because we ranked everything a 10 and deservedly so! From the minute you enter your office, every possible detail is taken care of from a staff that is the most friendly we have ever been involved with. If anyone on your staff has ever had a bad day, you certainly would not know it. The positive attitude is amazing.

The details you and your staff go to really make a difference. No waiting, notes for school, before and after pictures, communication – we could go on and on. We know this does not happen by accident and the entire team should be really proud of what they do on a daily basis.

By the way, the "Braces Song" your staff sings when braces are removed is priceless and one to remember.

Thanks for all your team and you do for this community.

Sincerely,
